IMPORTANT RECALL NOTICE!

ATTENTION: STORE OWNER

Please take appropriate action to insure your store is covered on this product recall.

Company Topco

Vendor # 40251

Date Thursday, June 15, 2023

MDI CODE	PK/SIZE	ITEM DESCRIPTION	LOT #/BEST BY DATE	UPC	QUANTITY
87897	1/.50 oz	TC EYE DROP ORIG FORM	RG21F01 and RG21F02	36800 03639	
			use by 6/2023		

Reason For Recall:

Individual units were found to be out of specification: the products are being recalled because of certain good manufacturing deficiencies related to a lack of documentation of the fill line and not related to any complaints related to sterility. Unlike some other eye drop products, the recalled eye drops contain benzalkonium chloride as a preservative. No illnesses or any adverse events have been reported from the use of any of the recalled lots. This is not a product safety concern.

Action Required:

Pull from shelves.

How to Dispose of product and receive credit:

Send to DRC to be scanned for credit
